In my capacity as a Delivery Leader for Inspire 2 Independence I have worked in partnership with Blackpool Build Up for the last 9 months.

Our relationship has always been mutually beneficial and I have been impressed with the work the team do with their customers. Each person is given strong support and the courses they attend are a valuable asset to help Blackpool residents return to the workplace.

Every time I have approached them for assistance with customers who require training, they have always been more than willing and always ready to assist. I am pleased to say that a number of our customers who had been unemployed for some time have found work with us as a result of the partnership we have developed.
