Dear Roberta,

I would like to express my appreciation for the way Blackpool build up have worked with Connaught to assist in developing a dedicated and local workforce who are producing the high quality of work required on the Blackpool Coastal housing Partnering project.

The local employees we have recruited though Blackpool build up are a credit to the team who spent time in training and developing these individuals who are now a proud part of our Blackpool team.

This model and success at Blackpool is used as an example by Connaught as a forward to developing local labour with the right skills and attitude.

I would also like to express my thanks to John and Louise for all there hard work and dedication.

Yours sincerely
